

Maxisafe Koolgard **Disposable Coveralls**

COT619

The Maxisafe range of coveralls are designed to protect workers from a range of hazardous substances, products and processes. They are typically used in situations where cleanliness and hygiene are critical for protection from fine particles, liquid splashes or fine spray providing a physical, throw away barrier that is cost effective and doesn't require decontamination. Bat wing sleeve design allows greater freedom of movement.

Maxisafe coveralls meet the applicable European Standards for Chemical Protective Clothing, Category III.

TYPE 5 Particle-tight clothing. Barrier to hazardous airborne particulate materials and dust (EN 13982-1).

TYPE 6 Limited splash-tight clothing. Barrier to limited splash and liquid spray (EN 13034).

EN 1149.1 Anti-static. Anti-statically treated and offering electrostatic protection according to EN 1149-1.

Product Name: Koolgard

Description: Disposable anti-static coverall with hood

Product Code: COT619

Material: Suit: Microporous Laminate

Zipper: Nylon on Polyester Braid

Elastic: Neoprene Rubber (latex free)

Thread: Polyester

Basic Weight: 55gsm

Color: White

Approvals: CE approved under PPE Directive (89/686/EEC), Category III

Article 10 Certification: SGS United Kingdom, LTD.
