

NIGHTSTICK MULTI-ANGLE HELMET MOUNT FOR ACCESSORY SLOT OR BRIM

LIGHT MOUNT

BRIM MOUNT

SLOT MOUNT

FEATURES & BENEFITS

- The unique design of the multi-angle helmet mount fits with in a hard hat accessory slot and also attaches directly to the brim of most hard hats and fire helmets.
- Utilising a one-hand operational tightening screw, this multi-purpose mount is compatible with either size of a traditional upward or downward size helmet or fire helmet.
- Enjoy both a forward and backward tilt as well the side-to-side tilt functionality.
- Choose between an above or below brim configuration and then tighten only once for a firm consistent hold.
- Mount meets the requirement of NFPA-1971-8.6 (2013).
- Compatible with LXPP5414GX + LUSB558XL
