

CleanAIR® Full Face Respirator and DIN Thread Filter Canisters

CleanAIR®

Features & Benefits

- Lightweight – 435 g
- High chemical resistance
- Superior spherical visor
- Anti-scratch coating
- Six point head harness
- Can be used with a wide range of canister filters
- Two exhalation valves – low breathing resistance
- Protection foil available

Applications

The mask is suitable for use in the chemical or biological conditions and meets the highest demands on respiratory protection. Besides in the challenging chemical industry it can be used in pharmaceutical industry, laboratories, spraying facilities and in remediation operations.

Product Details

Product Code: R720600L

Weight: 435 g

Available Sizes: L

Material: Mask Body – thermoplastic elastomer TPE visor – polycarbonate
Head Harness – polybutylene terephthalate TPU

Protection

Factor: (NPF) 2000

Certification

EN 12942 TM3

EN 136 CL3

Approved Combinations

Asbest Nose Mounted PAPR
R590011

Asbest Belt-Mounted PAPR
R590002

DIN Thread Filters to suit CF02 Full-face Respirator

The complete range of CleanAIR® canister filters offers a wide selection of filters for most industrial applications, pharmaceutical industry, laboratories and agriculture. The filters are supplied with a standard connection thread RD40x1/7" according to EN 148-1.

Particle filters catch a wide range of solid particles in the form of liquid and solid aerosols such as dust, smoke, fibres,

bacteria, viruses and radioactive particles.

Gas filters provide protection against contaminants in the form of gases and vapours.

Combined filters provide protection against a combination of contaminants in the form of gases, vapours and solid particles.
