

CleanAIR® Asbest PAPR with CF02 Mask P3 Filter, Hose & Belt

CleanAIR®

Features & Benefits

- Exceptionally light and compact, belt mounted PAPR ideal for asbestos handling
- High nominal protection factor (NPF 2000)
- Simple operation and decontamination by shower
- Lithium-Ion 7.2 V, 2.2 Ah exchangeable battery
- Operation time up to 5 hours with low battery indicator
- Superior, spherical visor eliminates distortion
- Anti-scratch visor with replaceable protection cover
- 6-point harness with non-sticky surface

Applications

- Asbestos Handling
- Construction Industry
- Sanding or Grinding
- Cleaning

Kit Includes

- R720600L - Full Face Mask
- R590002 - Asbest Battery - Powered PAPR
- R560010 - P3 Particle Filter
- 4RLB452 - Li-ion Battery
- R710060 - QuickLOCK Flexi Hose
- R590030 - Battery Charger
- CONT-BOX - Storage Box

Product Code

RPA519a

CF02 Mask Specifications

Weight: 435 g (both sizes)
Material: Mask Body – thermoplastic
elastomer TPE visor – polycarbonate
Head Harness – polybutylene
terephthalate TPU

Protection
Factor: (NPF) 2000

Asbest Belt-Mount PAPR Specifications

Weight: 385 g (including battery and filter)
Airflow: 180 lpm
Filter Type: Particle P R SL
Battery: Li-Ion 7,2V / 2.8 Ah
Operation* /
charging time: 3/5 h

there's safe and there's Maxisafe.
